

# **Operation N.O.W.**

**No Opportunity Wasted**

**Greetings Parents and Guardians,**

**As we begin a new school year, I have spent a great deal of time thinking about factors that impact student learning and success. In most cases, the determining factor in success is ATTITUDE and more importantly, a NOW attitude. If we can get our boys and girls to understand and embrace the importance of taking advantage of every opportunity and making every minute count, we can get them to excel and achieve at levels beyond their imaginations.**

**In an effort to make this message clear, Andrew Robinson Elementary launched Operation N.O.W. (No Opportunity Wasted) during the 2010 – 2011 school year, and we will continue this initiative this school term as well. We are planning activities and building this concept into our daily rituals and routines in grades PK-5. Our boys and girls must prepare themselves to compete globally. This means we have no time to waste on distractions. Attitude and effort can make the difference between success and failure. Regardless of ability level, one must have the right attitude and put forth effort in order to succeed.**

**Please join us and show your commitment to Operation N.O.W. Pledge forms and subsequent materials will be included in Tuesday Folders throughout the year. Let's show our community we are committed to excellence and No Opportunity is Wasted at A.R.E.**

**Let's do it NOW!!!**

**Crystal Lewis**
