November 18th - Flag Raising a 8:30
PE at 1:20

November 21st - Library at 11:40

November 23rd - November 28th - No School

Field Trip

Thank you to all of the chaperones who accompanied us on the field trip to the zoo. All of the extra help is greatly appreciated. We had a great day 😊

Homework

This week we will have our regular schedule for homework. Next week we are only in school the 21st and 22nd. Due to the short week we will not have any homework next week.

Skills Block

This week we will be working on the short "o" sound. We will also be studying the different skills for their spelling words.

Writing

Narrative writing is almost finished. Students have made great progress with their writing. We will be spending a few days finishing narrative writing by polishing the story of their choice. We will then begin the introduction to persuasive writing.

Science

We spent a little bit of time learning about our Earth in social studies. We learned about the world, the 7 continents, and the 4 oceans. We will now switch to science and learn about what we find on the Earth's surface.

Reading

We will be working on summarizing and drawing conclusions this week. Summarizing a story after it has been read is a very important skill for comprehension. Drawing conclusions helps the reader determine the results of what happened. We will have a lot of practice with many different books.

Math

We are almost done with the current math module. We will be reviewing what we have learned and closing on the last few topics. Once we finish, we will start the beginning of a new module.
