SIGNATURES

I understand the MHS Cambridge AICE Academy is a rigorous academic program for academically talented and motivated students. If accepted as a student, I agree to maintain good attendance and behavior and to strive for high academic achievement. I have read and understand the AICE Academy Honor Code and understand the potential ramifications of cheating and/or plagiarism. I also understand that some of the readings will be of a more mature and sensitive nature. These readings are assigned by the University of Cambridge and are non-negotiable. Students and parents must also understand the importance of computer access for AICE Academy students. Students must have access to a computer with Internet access and word processing capabilities either at home or in the community. Finally, all students should maintain a minimum of a "C" average in all courses, a 3.0 GPA overall and pass the FCAT in order to remain in the AICE program. I understand the consequences for not meeting these standards could result in dismissal from the AICE program.
