FCAT Only Grade Scale

- A >= 525
- B 495 - 524
- C 435 - 494
- D 395 - 434
- F < 395

TOTAL Grade Scale

- A >= 1050
- B 990 - 1049
- C 870 - 989
- D 790 - 869
- F < 790

* Special Notes

- 1 - For each of the non-FCAT components, the values are derived by subtracting the 2010 value from the 2011 value and then either adding the difference (up to 20 pts) to the 2011 value if there was an increase or subtracting 5 pts if there was a decrease of 10 pts or more.

Three of the components are weighted; the Acceleration Participation component by a factor of 1.75 (max 175 pts), the Acceleration Performance component by a factor of 1.25 (max 125 pts), and the Graduation Rate component by a factor of 2 (max 200 pts).
- 2 - For a high school to earn an A grade, they must also make adequate progress during the current school year in Reading, Mathematics, and the At-Risk Graduation Rate.
a) Adequate Progress in Reading and Mathematics is defined as at least 50% of the students in the Bottom Quartile showing more than a year's growth.
b) Adequate Progress of the At-Risk population is a Graduation Rate of at least 75% or improvement by a specified amount over the prior year.
- 3 - For a high school to earn a grade of B or C, the school must make Adequate Progress in both Reading and Mathematics for either the current or previous year with Adequate Progress defined as at least 50% of the Bottom Quartile showing more than a year's growth or improvement of the Bottom Quartile by a specified amount over the previous year.
- 4 - Darnell-Cookman and Atlantic Coast had no senior class in 2010-11 and therefore their school grades were based on FCAT performance only.
