Dear Parent:

It is with deep regret that we must inform you of a recent loss to our school. On Wednesday, September 2, 2009, Coach Patrick McMurtry passed away. This loss will undoubtedly raise many questions, concerns and feelings among our entire school community, particularly our students.

The Duval County Public Schools has established a Crisis Response Team made up of a variety of professionals trained to respond to the needs of students and parents at a time such as this.

If you would like additional information or need assistance, please contact the Duval Crisis Team at 390-2535. We have enclosed some information that may be useful to you in helping your child at home. At Sandalwood, we have counselors available for any student who may require assistance. We also encourage parents to utilize our resources.

Very truly yours,

Victoria Schultz
Principal
