

DUVAL COUNTY PUBLIC SCHOOLS
RELEASE OF DIGITAL STUDENT INFORMATION

To the parent/guardian:

Sandalwood High School publishes a variety of information about our school/district and its activities on a portion of the Internet known as the World Wide Web, (www.duvalschools.org/sandalwood.) From time to time we may wish to include your child's work (stories, poems, reports) and/or photo on our web site. We also videotape in school and will occasionally use portions of video on our in-house television programs.

Your signature below acknowledges that you consent to your child's work, photo or name being used in any digital communication form. No last names are used under elementary student work. Last names may be used under secondary student work. No names will be placed under photos. Student photos will be only used generically. No tattoos or other identifying marks or physical characteristics, clothing or other articles bearing a student's name, or any other means by which a student can be identified will be photographed. No other personal information about a student such as email address, phone number, or home address will be published on the Web.

Please clip the form below and return by your child to the school:

I grant permission for _____'s first name and work and/or photo to be published on the web page(s), on in house television, and on other digital communications.

Parent Guardian Signature _____ Date: _____
