PURPOSE

To provide guidance on the proper use of the Duval County Public Schools Purchasing Card and establish policies which meet the following criteria:

- Provide an efficient and cost effective method of purchasing and paying for goods and services not exceeding **\$ 750** per single purchase.
- Ensure Purchasing Card purchases are in accordance with the School District's policies and procedures, and with Florida Statutes.
- Reduce time and money spent processing low dollar transactions.
- Ensure that the School District bears no legal liability from inappropriate use of Purchasing Cards.
- Provide for disciplinary action if the Purchasing Cards are misused.

BACKGROUND

Duval County Public Schools is making available to certain District employees delegated authority to make purchases directly through a "Purchasing Card" system. This will allow schools/departments flexibility to purchase routine materials and supplies and to make travel arrangements.

Certain controls have been developed for the Purchasing Card that do not exist in a traditional credit card. These controls ensure that the card is used only for specific purchases and within specific dollar limits. Also, certification by each cardholder is required for all purchases as well as authorization from the Approving Administrator.

PROCEDURES

The Approving Administrator approving the assignment of a Purchasing Card will set two limits for each Cardholder: single purchase limit and billing cycle limit. The maximum limits shall be **\$ 750** for a single purchase and (as appropriate) during the billing cycle.

A multiple item purchase may be made but the invoice cannot exceed **\$5,000** or the Cardholder's monthly limit if less than **\$5,000**. Purchases over **\$5,000** must be made by Purchase Order under the School District's Purchasing Policies and Procedures, unless previously approved by the Purchasing Card Administrator.

1. Definitions

- **Approving Administrator** – Principal or Department Head whose signature will appear as authorization to pay and to set single purchase limit and billing cycle limit.
- **Bank** - The financial institution, which has entered into an agreement with the School District to provide the Purchasing Card Program (currently Wachovia).
- **Billing Cycle** - The monthly billing period that begins on a set date of each month and ends on the same day the following month, with a 14 day grace period before payment is due.
- **Cardholder** - Person named on the card that is authorized to make purchases.
- **Cardholder Agreement** – Visa's terms and conditions that define Cardholder use of the Purchasing Card.
- **Merchant Category Code (MCC)** - A method to control where spending is allowed. All Visa merchants are assigned an industry-specific MCC code, which the School District can restrict from Purchasing Card access. Once an MCC code is blocked, all merchants within that category will be declined.
- **Monthly Limit** - The maximum dollar value of charges a Cardholder is authorized to make during the billing cycle.
- **Purchasing Card** - A charge card issued to an employee for the purpose of making authorized purchases on the School District's behalf. The Purchasing Card will have the School District's name, tax exemption number, Cardholder's name, and the expiration date of the card.
- **Purchasing Card Administrator** - The Purchasing Director or designee. This person is responsible for the administration of the Purchasing Card Program. The Purchasing Card Administrator can be reached in Purchasing Services at 858-4848.
- **Single Purchase Limit** - The maximum value of charges a Cardholder is authorized to make during a single transaction.

2. How It Works

- An Approving Administrator authorizes the issuance of a Purchasing Card to an employee.
- The Purchasing Card Administrator coordinates issuance of the Purchasing Card to an employee.
- The Purchasing Card can be used at any vendor that accepts a Visa card. The vendor does not need to be a registered vendor or in SAP.
- A Cardholder presents goods or services for purchase to a vendor who accepts Visa. When making a purchase, be sure to:
 1. Receive any discounts or special pricing.
 2. Notify vendor of tax exemption.
 3. Get a receipt (Documentation)
- The vendor processes the card information to obtain authorization for the purchase.
- The Bank receives the transaction information electronically from Visa.
- The Bank verifies the account number and spending control limits on the card.
- The Cardholder maintains the original receipt for monthly remittance.
- The Cardholder receives SAP workflow e-mail directing where and how to log transaction into SAP Enterprise Software.
- The vendor receives payment for the merchandise usually within 3 days.
- The Cardholder receives a monthly memo statement.
- The Cardholder reconciles all purchases and credit activity to the memo statement attaches all original merchant documentation and forwards it to the Approving Administrator.
- The Approving Administrator signs the memo statement then forwards the memo statement and attached merchant documentation to Business Services.
- Accounts Payable receives a monthly consolidated statement for the School District.

- Accounts Payable pays the consolidated statement to the Bank.

3. Responsibilities

4. Processes

A. *Requesting a Purchasing Card*

1. Purchasing Cards will be issued to any School District employee designated by the Approving Administrator to have a card.
2. All requests for Purchasing Cards must be submitted by the Approving Administrator to the Purchasing Card Administrator on a Purchasing Card Application Form (Exhibit 1). No credit checks are made against individual Cardholders.
3. At the time of the request, the Approving Administrator must decide the cost center coding in which the Cardholder is authorized to expend.
 - a) Refer to your school/cost center's budget to determine the appropriate cost center coding for each Cardholder.
 - b) Once the cost center coding is established, the only change to be made in the coding would normally be to the object number.
4. The Purchasing Card Administrator will review the application and if approved, coordinate the issuance of the Purchasing Card with the bank

5. The Bank issues the Purchasing Card and mails it to the Purchasing Card Administrator. The Purchasing Card Administrator will write "See photo ID" in the signature space on the back of each card.
6. The Cardholder attends a mandatory Purchasing Card Program training session, signs the Cardholder Acceptance form, and receives a Purchasing Card and Visa Cardholder Agreement, and "Purchasing Card Policies and Procedures".
7. The Cardholder Agreement Form will be retained in Purchasing Services.

B. *Modifying Purchasing Card Limits*

1. All requests for modifications to permanently decrease Cardholder limits must be submitted by the Approving Administrator to the Purchasing Card Administrator by submitting a Purchasing Card Modification Form (Exhibit 2).
2. Limits will be raised to allow the following charges on the Purchasing Card:
 - a) Conference Registration Fees,
 - b) Airline Tickets,
 - c) Hotel Charges.

If any of these charges are above \$750, contact the Purchasing Card Administrator. Any other requests for limit increases will be handled on a case by case basis.

3. The Purchasing Card Administrator reviews the form and if approved, coordinate the processing.

C. *Card Description*

The Purchasing Card has been uniquely designed to avoid confusion with personal credit cards.

Cardholder's Name – The Cardholder's name will be embossed on the card and "See Photo ID" will be written on the magnetic strip on the back, requiring ID to be shown to the cashier.

Account Number & Cost Center Number – A 16 digit account number will tie all transactions to the Cardholder, as well as the cost center number, embedded in the magnetic strip on the back of the card.

Sales Tax Exemption Number – The District's tax exemption number will be printed on the card and serves as proof to the merchant that sales tax should

not be charged. It is the responsibility of the Cardholder to make the vendor aware of this prior to processing the sale.

handled by the appropriate authority in accordance with School District Policies and Procedures, and reported to the Purchasing Director.

Sales & Use Tax

The School District is exempt from paying any State of Florida (and generally all other states') sales and/or use tax, even if the purchase is made with the Purchasing Card. The School District sales tax exemption number is printed on the face of the Purchasing Card. **Prior to processing the sale, it is the cardholder's responsibility to make the vendor aware that the sale transaction will be tax exempt.**

If the vendor charges sales tax, the Cardholder must contact the vendor and obtain a credit equal to the amount of the sales tax. **Do not permit the vendor to issue cash to settle a sales tax error.** If you have a problem with any vendor about sales or any other tax, please contact the Purchasing Card Administrator.

Compliance

Use of the Purchasing Card does not relieve you from complying with Federal, State, Local laws, ordinances, regulations, or School Board policies and procedures.

Conflict of Interest

Do not make purchases from vendors that create a conflict of interest, (i.e., purchases from companies owned or operated by School District employee(s) and/or their relatives, etc.)

Documenting Each Transaction

Every transaction must be entered into SAP within 48 hours of receiving the workflow e-mail. Every transaction must have valid and complete source documentation from the merchant.

Valid Source documentation should be:

- A receipt and card transaction slip from the merchant; or one of the following:
 - A packing slip, listing individual items and cost for each, at the time of delivery.
 - Order forms for dues, subscriptions, registrations, or similar items.
 - An invoice showing credit card payment

All documentation must include the following:

- Vendor identification (Merchant Name)
- Date the purchase was made.
- Description, quantity, and unit cost of each item purchased.
- Total cost of the order.
- Cardholder name and/or card number.

What to do if there is no documentation:

- If the original documentation is lost, contact the merchant to provide it. If the merchant will not provide the documentation, provide the above information along with a justification of the purchase and the loss of the documentation. Lack of original documentation is considered to be a Cardholder violation.

Declined Transactions:

Possible Reasons For Decline and What To Do:

- Phone orders – The merchant may have recorded the card number and/or expiration date incorrectly. Have the merchant repeat this information before completing the order.
- The merchant's 4-digit Merchant Category Code (MCC) is one of the District's excluded codes.
- The transaction exceeds the monthly dollar limits. Check the dollar amount of the cardholder's transactions that have been made to determine if the limits have been exceeded.
- When all else fails call P-Card Administrator in Purchasing Services at 858-4848.

Keeping Track Of Orders Placed:

Each Cardholder is encouraged to keep an order log for each billing cycle. Keeping track of orders placed will allow dollar limits to be tracked, follow-up on late deliveries, order problems, partial shipments and other order issues.

Please note that late deliveries and partial shipments will be considered purchased and these orders may have already been paid. If the shipment is not received, a credit from the vendor is needed.

Receiving and Inspecting The Goods:

Inspect all goods immediately upon receipt. If there is a problem with the order, contact the merchant immediately. Keep notes on problems and their resolution including names, dates, and conversation results.

F. *Reconciling Monthly Statements*

1. **The Bank** will provide the Cardholders with monthly memo statements for verification of charges and reconciliation.
2. **The Cardholder** must verify receipt of goods or services for all purchase transactions on the monthly memo statement and match each one to corresponding supporting documentation (such as invoices, charge slips, receipts and packing slips). The Cardholder must also verify all credit transactions were processed.

Upon fully reconciling the monthly statement, the Cardholder submits a signed copy of the memo statement with the original merchant documentation to the Approving Administrator who will review, sign, and forward to Business Services within seven (7) days.

G. *Paying for Supplies*

1. The vendor is paid by the bank within 3 days of the order being placed.
2. Accounts Payable will pay the consolidated statements within 14 days from the end of the billing cycle. The School District retains the right to dispute a purchase up to 60 days after the statement date in which the transaction occurred.

H. *Returns And/Or Exchanges, Credits, Disputes, and Erroneous Charges*

1. The Cardholder must attempt to resolve problems directly with the vendor. The vendor must issue a credit for billing errors, sales tax, defective supplies or unacceptable services, returned supplies or canceled orders. This credit should appear on the Cardholder's statement within 60 days. Do not permit the vendor to issue cash to settle a disputed amount. Under no circumstances may the employee accept cash.
2. If the Cardholder is unable to resolve the issue with the vendor, or Cardholder's credit does not appear on the monthly statement up to 60 days, Cardholder should contact the Bank's Commercial Card Customer Service Group at (1-877-543-4453) to resolve the matter. This group may require the Cardholder to fax a Dispute Form (Exhibit 3). A copy of the Dispute Form must also be sent to the Purchasing Card Administrator.

Instructions for Returns and/or Exchanges

- Make arrangements with the merchant before shipping an item for return. The merchant should provide a return authorization number.

- The merchant must credit a return. Any exchange must result in a new transaction. Exchange of like items, for example: different colors or replacement of damaged goods may not require a credit transaction.
- It is a merchant violation to refund cash for a credit card return. It is a Cardholder violation to accept cash.
- Document all returns and exchanges. This information may be needed for a formal dispute.

Disputes: The following may be formally disputed with the Bank:

- Unauthorized charges, including unauthorized phone or mail order charges.
 - Difference in amount authorized by Cardholder and amount charged by vendor.
 - Duplicate charges.
 - The account has not yet been credited but a voucher has been received from the merchant.
 - Failure to receive goods.
 - Returned merchandise.
 - Unrecognized charges.
 - Defective merchandise.
1. When an account is in a dispute status, the Bank pays the Merchant the full amount of the charge and Duval County Public Schools pays the Bank the full amount of the charge and the disputed amount is charged to the Cardholder's budget and included in calculating the available money for authorizations (monthly limits). However, disputed items are removed from all late charges, over-limit fees, past due amounts and calculations.
 2. After the item has been entered as a dispute, the Bank must determine who is responsible by researching the transaction including requesting a copy of the sales draft when necessary.
 3. If the problem is resolved between the merchant and the Cardholder while the item is in dispute, the Cardholder should write the solution agreed upon on the bottom of the *Dispute Form* that was previously faxed to the Bank, and fax it to the Bank as soon as possible.
 4. If the Cardholder is not responsible for the transaction, the dispute is settled for the Cardholder and the charge-back process will be initiated against the merchant by the Bank.
 5. If there continues to be problems with a particular merchant, the Cardholder should notify the Purchasing Card Administrator of the problems.

NOTE: Each time a transaction is made with the Purchasing Card, the cardholder will receive a SAP workflow e-mail. This e-mail needs to be completed each time it is received, even if an item is being returned or disputed. Once the item is returned or the dispute ruled in the cardholder's favor, a subsequent e-mail will be received that reflects the credit. The subsequent e-mail must be completed as well.

I. *Reporting a Lost or Stolen Purchasing Card*

If a card is lost or stolen, the Cardholder must immediately notify the Bank's customer service at (1-877-543-4453) and the Purchasing Card Administrator at 858-4848. Access to the card will be immediately blocked, and the Cardholder shall not be responsible for any charges after the card is reported lost or stolen. The Cardholder must provide the Bank with the purchasing card's 16-digit account number. The Bank will also require the Cardholder to submit written confirmation by fax or by mail of the card cancellation request reported verbally. A replacement card will be issued by the Bank and delivered to the Purchasing Card Administrator.

J. *Purchasing Card Termination*

Revocation of Card: Purchasing Card privileges may be revoked upon the Cardholder's failure to follow School District policies and procedures. The Purchasing Card Administrator will coordinate the revocation of Purchasing Cards. The Purchasing Card Administrator will immediately notify the bank to cancel any such cards.
