

No asbestos containing building materials shall be used in the construction of the Project. The Design Consultant will be required to submit a signed statement that "no asbestos containing building material was specified as a building material in any Construction Document for the Project, or to the best of the Consultant's knowledge, was used in the building."

If any materials suspected to contain asbestos are encountered in Addition or Renovation Work, the Owner's "AHERA DESIGNEE" shall be immediately contacted to arrange an investigation and testing of these materials. The Owner shall supervise the removal of any asbestos containing material by an Independent Contractor hired and paid by the Owner. Specify a statement to this effect to be included in the General Requirements of the Project Specifications.

In compliance with AHERA 40 CFR 763, Facilities Environmental Services Division has asbestos surveys for all of Duval County Schools and Annex Facilities used by the county and all other codes latest edition as required by SREF and FBC.
