

InTech T.I.P.S.*

*Technology Integration Promotes Success

Weekly Newsletter

March 20, 2009

The final nine weeks of the school year is the perfect time to re-energize your classroom by trying something new and innovative. Make use of the technology that is available to you and your students. Assign a class project that challenges your students to be creative. I'm sure that both you and your students will be pleased with the results. Enjoy your Spring Break!! The next issue of InTech T.I.P.S. will be sent out on Monday, April 6th.*

School Spotlight

Kellum Sowers, a 6th grade Social Studies teacher and STC at J.E.B. Stuart Middle School, posts podcasts on his blog to supplement his classroom instruction. The podcasts are also an excellent way for students who are absent to keep up to date with what they have missed. Visit his [Sowers World History](#) blog and listen to one!!

Web 2.0

[TeacherLingo.com](#) is an educational community that was created to connect teachers. It's a safe place for teachers to share ideas, ask questions, learn from one another, and discuss issues related to the classroom. If you are interested in finding teachers who are in similar teaching situations, this community was created with you in mind. Join to share your thoughts and voice your concerns about education with other teachers!

TeacherLingo

An educational community
to connect teachers from every level.

Site of the Week

Organize websites for use in a lesson or a project using [TrackStar](#). It's a simple way to create online lessons and activities. Just collect websites, enter them into TrackStar, add annotations for your students and you've created a **Track**. Create your own or search the database by subject, theme, or standard. A fun and easy way to engage students with technology!!
