Community Education

Winter Term 2012

For Registration, School Listings, Programs, see inside.

As we begin a new year, I want to take a moment to highlight some of the great things occurring in Duval County Public Schools, as well as discuss some of our challenges.

There are numerous achievements to be proud of as we move toward our goal of becoming the best large urban school district in America. Over the past few years, many of our schools have increased their school grades by at least one letter grade over the previous year. The progress over the last 10 years is even more encouraging, as the number of "A" and "B" schools has increased more than 500%.

Additionally, the number of students completing a rigorous academic curriculum has increased, and all of our high schools now offer acceleration programs that provide students the opportunity to earn college credits while in high school.

Significant progress is being made in decreasing the number of school suspensions. Out of School suspensions are down by nearly 50% from the previous year, with an increase in students who are suspended attending our Alternative to Out of School Suspension Centers.

These gains in achievement and increase in attendance can be attributed to the hard work of our students, teachers, principals, district support staff, parents and community partners.

While we have had many success stories, like many school districts across the state, some of our schools experienced declines in FCAT performance. These mixed results confirm that we must continue at an aggressive and accelerated pace to ensure that our students and schools are successful.

We will not be satisfied until every student graduates ready for work and/or post-secondary education. Our goal is to build sustainable growth over time in order to ensure all students receive a high quality education as we continue our commitment to eliminate the achievement gap.

We have been working under an approved Strategic Plan since 2008, which provides targets that are specific and measurable to keep us moving in the right direction. We reviewed and updated our goals this year in order to ensure we meet our vision of providing students with the knowledge and skills needed to be successful. We are committed to success, and it is our intent to make clear and measurable progress every year toward our long-term objectives.

We are continuing to work with the community to match business partners, volunteers and mentors with our schools and students. By joining this effort and helping a school, businesses and community members make a real difference in the quality of education provided to our students.

We continue to face many challenges with our budget, and the shortfalls we have seen over the past several years may grow with the loss of Federal stimulus money in 2011/2012. We have to balance our budget and remain fiscally responsible while continuing to provide our students with a high quality education. It is difficult, and each year we have to make cuts that we don't want to make. This makes your support in our schools and your commitment to public education in Duval County even more important.

Through the commitment of our students, the dedication of our teachers and staff, and the support of the community, we strongly believe that together we will be successful.

Thank you for your continued support. I hope that you have a happy and prosperous new year.

Sincerely,

A handwritten signature in black ink that reads 'Ed Pratt-Dannals'.

Ed Pratt-Dannals
Superintendent

* **ALL classes and books/programs are subject to schedule and price changes. Some courses will require additional fees for books, software, or supplies.**

****FSCJ Courses (GED) -- Students must be 16 years or older and must have been out of school for six months in order to register for class. Class includes TABE testing and preparation for GED, but DOES NOT include the GED test itself. Students must qualify for the course via FSCJ's residency requirements and must score a minimum of 6th grade on the TBE. Payment for the course will be made directly to FSCJ. Call FSCJ for more details on residency requirements, payment, and GED testing.**

*** **Course may meet on some Tuesdays, depending on school closure schedule. Please see the Coordinators for more details.**

**** **Call the Ed White Community School office during the hours listed for more details and information on Driver's Education.**

Need a place to meet and gather? Responsible clubs, groups, and more are invited to use the Ed White Community School as a meeting place during regular Community School hours. Call the Coordinators at 693-7620, extension 0, during Community School hours to make arrangements. Proof of liability insurance is required.

**Holidays: January 16, 2012 (Martin Luther King, Jr. Day)
 February 20, 2012 (President's Day)
 March 19 - 23, 2012 (Spring Break)**

* **FSCJ Co-Sponsored Classes** ** **FSCJ FREE Classes**
 + **Additional Fees for Supplies** # **Will Need to purchase Supplies**

REFUND POLICY:

Requests for refunds must be made to the Community School within three (3) business days of the first class. No refund requests will be accepted or honored after that time. There are no partial refunds of Community Education classes.
