

Students continue their journey with mathematics in this course. Building upon what they have learned in *Mastering Skills & Concepts I*, students practice place value, rounding, fractions, planes and solid figures, addition, subtraction, multiplication, and division. In addition, they hone their skills by measuring time, money, and temperature.

Destination Math[®]

Mastering Skills & Concepts II: Primary Mathematics **grades 2-3**

Scope and Sequence

1 NUMBER SENSE

- 1.1 Numbers to 999
 - Counting by Grouping
 - Place Value: Tens and Ones
 - Place Value: Hundreds, Tens, and Ones
 - Expanded Forms and Equivalent Representations of a Number
 - Comparing and Ordering
- 1.2 Numbers to 9,999
 - Place Value: Thousand, Hundreds, Tens, and Ones
 - Comparing and Ordering

2 OPERATIONS WITH NUMBERS

- 2.1 Addition and Subtraction
 - Sums Less than 100
 - Estimating and Finding Sums Less than 1,000
 - Differences within 100
 - Estimating and Finding Differences within 1,000
 - Estimating and Finding Differences within 9,999
- 2.2 Multiplication
 - Repeated Additions and Arrays
 - Skip Counting to Show Multiplication
 - Finding Products Less than 100
- 2.3 Division
 - Meaning of Division
 - Dividing by a 1-digit number
 - Fractional Parts

3 GEOMETRY AND MEASUREMENT

- 3.1 Geometry
 - Area
 - Volume
- 3.2 Measurement
 - Time
 - Money
 - Temperature

4 ALGEBRAIC THINKING

- 4.1 Properties and Relationships
 - Number Patterns and Properties
